*Reynoldsburg, Ohio, August 19, 2019*—The North American International Livestock Exposition (NAILE) has announced changes to their entries and check in process for the 2019 dairy shows.

Changes to the dairy show include the following:

- Dairy cattle will be required to have a USDA840 EID Tag. This includes all transit and sale cattle;
- All cattle shall be reported negative on an ELISA or PCR BVD-PI test that has been collected by an accredited veterinarian. The results and date of the test shall be recorded on the CVI issued for entry onto the Kentucky Expo Center for the NAILE;
- Herd units will be allowed two (2) wild card substitutions per breed;
- Tack space will be available for purchase-\$25/tie. Stalling request form will be available online. Request needs to be made per string.

All show strings and exhibitor groups must complete the stalling request form available at [livestockexpo.org](http://livestockexpo.org) by October 20, no exceptions according to the premium book on the NAILE website. Tie space will be available based on availability. Additional space is priced at \$25 per 3' tie space. The amount of space granted will be based on number of head delivered. (Extra animals entered and not brought will not be allotted the purchased space.)
